

KCI Scheidt RD 8125 Field Cart

The cart is loaded from front to rear using 2 adjustable augers driven by a removable hydraulic motor. The large 3 stage telescoping cylinder dumps the cart with ease and precision. The wide 26"x60" rear door allows for quick, clean operation. The RD8125 can either drive over or back up to the conveyor. The 2 foot high pivot point allows it to dump onto almost any conveyor.

Model	Over-all Length	Loading Height	Minimum Clearance	Bin Dimensions	Nut Capacity	Tire Size
KCI RD 8125	15.5 ft.	53 in.	10 in.	12' x 8'	400 CF	12.5L-15
