

KCI Scheidt B-O 816

Low Profile Bank-Out Cart

The revolutionary new design is the first of its kind. It is both highly specialized and very versatile. It will fit easily into virtually any existing system, working pulled behind any harvester with stop to unload or unload on the fly using the new KCI system.

All Bankouts and Shuttle Carts are available with dirt chain!

The rugged well guarded discharge conveyor allows for easy access to unload into a variety of shuttle systems in addition to ours.

*The new KCI B-O 816 nut cart incorporates rugged field construction coupled with our proven auger distribution system.

*Sturdy formed steel discharge cleats are fastened to steel slats and a heavy dual chain drive.

*Axle positioning is adjustable and can be tailored to fit your particular pick-up machine.

*Maintenance is made easy by access doors and proper placement of rugged components.

*This unit is extremely low profile for excellent clearance of low hanging limbs.
